DETAILED ACTION

1. Applicant's Amendment filed 11/16/2005 has been reviewed and placed of record in the file.

Allowable Subject Matter

2. Claims 1-3, 21, 40, 5-9, 11-14, 22, 15-17, 23, 18-20, and 24-39 (to be renumbered 1-38) are allowable over the prior art of record.

The allowable subject matter was indicated in the Ex Parte Quayle Office Action mailed 09/22/2005 and is recited here in its entirety:

The prior art of record fails to teach or render obvious an organic light emitting device and a method of fabricating thereof having all exclusive limitations as recited in claims 1, 7, 15, 18, 24, and 38, comprising a substrate; a lower electrode on the substrate; an organic thin film layer on the lower electrode; and an upper electrode on the organic thin film layer; the upper electrode either: having a first thin film layer and a second thin film layer, the first thin film and the second thin film having the same conductive material, or: having a conductive electrode material and a first surface and a second surface which second surface being further from the organic thin film layer;; the first thin film having a grain density or grain size different from that of the second thin film; and either: the conductive electrode material having an increasing grain density and decreasing grain size as a function of the distance from the substrate, or: a density of the conductive electrode material at the first surface being less than a density of the conductive electrode material at the second surface.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
